# Refrigerant For Tomorrow.

## The Dynatemp Advantage

Dynatemp meets and complies with all EPA regulations and have been granted EPA allocation rights for our products.

All Dynatemp refrigerants are analyzed to ensure strict ARI 700-2006 standards (limits total unsaturated impurities to 40ppm max.)

Contact us today, or visit our website for full EPA regulations and allowances.

Dynatemp offers a variety of refrigerants to HVAC/R wholesale locations. We continually strive to be the best, not only with the quality of our products, but also in outstanding customer service and on-time delivery. With over 40 sales representatives and convenient warehouses, we are able to consistently meet the demands of our customers.
